S.T.H NEWS

By

Kenneth Levitt

Thunderbolt Patterson has recently been seen wrestling in Louisiana. To our knowledge Thunderbolt is still the C.W.A. champion. He has not appeared in the Memphis area for several weeks.

An independent group in Knoxville, running in competition with N.W.A. South Eastern Promotion is recognizing Bob Orton, Jr. as their South Eastern champion. The International Championship Wrestling Group out of Kentucky has been helping the independent promotions in Knoxville by sending them such stars as Leaping Lanny, The Mizer and Randy Savage, the man they recognize as their champion.

In the Mid-Atlantic recently, Ric Flair has been joining forces with Jim Brunzell and went to the extreme to team with former enemy Ricky Steamboat. Flair has been teaming with these stars to take on Paul Jones and Baron Von Raschke in a series of grudge battles.

As we reported in Issue 12, wrestling has picked up in Puerto Rico. Another promotional group tried to make it on the island, but to our knowledge only had one card and that was about two months ago. Such stars as Mil Mascaras, Jose Lothario and Gino Hernandez, appeared on that card. To our knowledge these stars have not appeared in Puerto Rico since that card.

Hoping to see you all at the W.F.I.A. Convention; until then and our next issue. . . .
